## POLICE STEP IN TO STOP DIN OF SCREAMING LOCOMOTIVES.

Chief Instructed to Notify B. & O. Officials That Nuisance Within Town Limits Must Cease.

### COMPLAINTS ON EVERY SIDE.

If Reckless Blowing Is Continued Engineers Will Be Taken From Cab by Police and Placed Under Arrest, Burgess on War Path.

Burgess A. D. Solson this morning gave Chief of Police B. Rottler instructions to notify the officials of the Baltimore & Ohio railroad to discontinue the blowing of locomotive whistles within the borough limits. The nuisance has become so great that hundreds of angry citizens have complained to the Burgess.

The Burgess for a time discontinued the practice, but recently they have become very reckless and careless about it and have disregarded all the appeals made to them by residents of the town. The noise is greatest between Main and Peach streets, where there seems to be little need for it.

Burgess Solson stated that if the company officials did not see that the annoyance was discontinued he would direct the police force to patrol Water street and take every engineer off his engine who persisted in the practice. The fine for the offense is \$5, and it can be applied as frequently as there is an infraction of the law.

While the annoyance has been extremely great during the day, it is something hideous at night time. It seems that since business has become dull in the town, the Burgess has moved part of their shifting near the Young bridge, and every time they feel like pulling the whistle valve they do it.

Superintendent John J. Driscoll several months ago issued a very strong bulletin ordering the Burgess to discontinue the practice, but it seems that the order has become worn out. A well known railroad man stated today that there was absolutely no excuse for the manner in which engineers used their whistles along Water street. He said that many of them that use them for strictly railroad purposes, but to give signals to their friends and frequently to their families in order to let them know they are coming home.

If the practice does not stop the police will not be the only ones making trouble for engineers, as there are enough wrathful citizens all over town who will be willing to take the matter up and prosecute the railroad company and employees upon the noise nuisance laws.

## ELLIS SLIGER'S BODY LAID TO REST TODAY.

Services of Former Musician Largely Attended—Band Members Act As Escort and Pall Bearers.

The remains this morning were escorted to the Baltimore & Ohio railroad by the Tenth Regiment band, of which the deceased was a member. Upon their arrival at his old home at Hyndman services will be conducted by the Methodist Episcopal Church, then by Rev. J. O. Spelman. The following acted as pall bearers: J. R. Morrow, Hayes R. Miller, Harry T. Miller, John V. Nave, W. S. Warranth and E. M. Douglas. The members of the band accompanied the remains and will escort them to the church and cemetery.

## MORTGAGE DRAWN MORE THAN CENTURY

Colonial Document Presented in County Court for Land.

### DEPOSITED MONEY FOR MAN.

Lack of English Causes Woman to Make Mistake Which She Asks Rectified—Young Bridge Repairs Approved by Court.

UNIONTOWN, Aug. 12.—John B. House of Bulskin township, through his attorney, D. M. Hertzog, presented a petition to have recorded satisfaction for a mortgage drawn about 101 years ago. The petition recites that on September 8, 1807, John Latta and wife delivered to Charles McDowell a mortgage on 100 acres to guarantee the payment of \$824. Eight promissory notes were presented as confirmation of this deal.

House says he is the owner in fee of a portion of this property and he believes a presumption of payment now exists by reason of the long lapse of time. He does not know who McDowell's heirs are, and asks that the court, if no appearances are entered to the proceedings, order the mortgage satisfied. The court ordered publication for four weeks, and the rule is returnable, the first Monday in September.

Attorney R. W. Playford, in behalf of Thoreson Golubich, filed a foreign attachment against Nick Sellen to recover \$150, the Young National Bank of Connellville being named as garnishee.

It is set forth in the affidavit that the plaintiff accompanied Sellen to the bank January 26, 1908, to deposit \$150 belonging to the former, but she states that she did not understand English, and as she new finds that the money was deposited to the credit of Sellen instead of herself. Sellen, she says, is now living in Illinois, near Chicago.

Clifford P. Briggs, by his attorney, L. A. Howard, brought an action in divorce against his wife, Emma Briggs, yesterday, in which he alleges desertion on February 1, 1907, and infidelity from July 4, 1907. The couple were married July 20, 1901, in Pittsburgh and lived in Glenwood for a time. The respondent now lives at 2712 Curney alley, South Side, Pittsburgh, and libellant on Vine street, South Connellville.

In the case of Mel Albls against V. L. Harvey, in which a verdict was found for the plaintiff in the sum of \$151.75, Judge Umbel yesterday handed down an order refusing a new trial.

Attorney D. M. Hertzog, in behalf of Thomas Haley, filed a petition yesterday to have the court appoint a guardian for a half sister, Margaret Haley, who is alleged to be feeble-minded. The two are children of the late William Haley, who died at East Liberty, this county, February 19, 1895. A rule was issued and a hearing fixed for September 1 at ten o'clock in the morning.

Philson delivered a masterly address of welcome at the tent on North Diamond street, and an able response was delivered by the Hon. Ira A. Milliron, a former resident of Berlin, but now a member of the State Legislature from Venango county.

Yesterday morning the members of the Grand Army of the Republic assembled in the East End and formed in parade, followed by the members of W. E. The crowd marched out Liberty street, up Main street and out Spring avenue to the grove of John O. Stoner, where the assemblage was addressed by the Hon. Allen P. ## HIRED HORSE BUT FAILED TO RETURN.

Mountains Being Searched for Team Supposed to Be Stolen From Mt. Pleasant.

MT. PLEASANT, Aug. 12.—Representing himself to be a well known citizen from Donegal, a town a short distance from here, a young man on Saturday at noon, giving his name as Virgil Miller, secured a horse from J. J. Hunt's livery stable to drive to his home at that place with his agreement that he would return Sunday evening. As yet he has not put in an appearance, leaving the general belief that he has skipped out. The horse is valued at \$200.

Authorities in all of the neighboring towns have been notified and the chief is expected to be landed in any of them. The owner of the horse, Virgil Miller, the hill country about here is being thoroughly scoured on the basis of this theory. As yet no definite clue has been gained.

## SCOTTY SCATTERS COIN IN GREENSBURG.

Death Valley Miner Said to Have Thrown Money in Streets of Town.

GREENSBURG, Pa., Aug. 12.—Walter Scott, the Death Valley gold king, bobbed up unexpectedly at Greensburg and his short visit here was marked by excitement. A young man whose dark hair was tinged with gray and accompanied by a small, pretty woman, registered at the Rappe hotel. He had plenty of money and none of his wishes went ungratified. News spread that a man was giving away money of the Rappe and a huge crowd assembled. On the balcony of the fire escape on the seventh story of the hotel stood "Scotty," bareheaded. From two canvas bags he pitched nickels to the throngs in the street below. After throwing out \$100 in nickels he sent \$20 \$1 bills duffing down. Then it was announced a \$5 gold piece would be thrown. A crowd of idle Italians had gathered and it was one of those who secured the shiner. That ended the distribution for the day.

The young man had registered at the hotel on Robert Schmitt of San Francisco. Today it develops the stranger was "Death Valley Scotty." To all he refused to divulge his business in town or his future intentions. An episode not on the cards caused unpleasantness. It seems the distributor of money had gone to the bank, secured \$50 worth of nickels and had \$50 exchanged into dimes, quarters and halves. When he threw away the nickels he reached for the sack of larger coins, only to find them missing. The result was the arrest of a negro elevator boy.

## BLIND MISSIONARY IS HERE TO HELP OTHERS.

Instructor of Pennsylvania Institution Making Tour to Assist Those Afflicted Like Himself.

Liborio Dellino, representing the Pennsylvania Institution for the instruction of the blind of Overtonville, Pa., arrived in Connellsville this morning. Mr. Dellino teaches a portion of the term in the schools and does field work during the vacation season. He has been blind for the last 18 years, having lost his sight on a night when he was also carried away a portion of his right arm.

This is his first stop in Fayette county, but he has traveled the 57 counties of the State, stopping everywhere in his tour. The work is purely a missionary one, and he is endeavoring to spread the information that adult persons who are blind and who can read literature can secure it at either the Overbrook school or of the Carnegie Free Library at Pittsburgh. Where there are children of an eligible age he can investigate the cases and these can be accommodated in the schools at Overbrook and Pittsburgh.

There are quite a large number of children at these institutions which are maintained by the State. Mr. Dellino will spend several days in Connellsville, after which he will visit other places in the county and will shortly return to school to take up the full work.

## BRICK THROWING ENDS RELIGIOUS ARGUMENT.

Becoming Heated in Discussion After Attending Church One Woman Knecks Other Unconscious.

After attending services at church last Sunday Alvin Rogers of Nigger Hill came home and had a talk with Rachael Jackson, also of the same neighborhood. The talk verged on religious matters and it became a heated and fiery topic. Finally the Rogers woman got so angry that she stooped down and caught up a piece of brick which she heaved with unerring aim at Rachael.

This ended the religious discussion because everyone thought that Rachael had been killed, but she was not and came around sufficiently to vent her wrath against her religious sister by making a charge of assault and battery against her before Magistrate Frank Miller.

The result was that the warring factions came together last evening and compromised the case by the Rogers woman paying the costs. The religious question was not discussed and it is probable that it has not yet been settled.

### Monarchs Meet.

ISCHTEL, Austria, Aug. 12.—(Special.)—Through a line of beautiful women, dressed as Tyrolese peasants, and throwing flowers into the royal carriage, King Edward entered Ischtel today to pay his respects to Emperor Francis Joseph who, despite his advanced age, was at the station to meet the King, and a joyous greeting between the two monarchs took place.

### YOUNG TURKS MAKE DEMAND.

Wait Upon Sultan and Ask Him to Give Half His Fortune.

CONSTANTINOPLE, Aug. 12.—Charging that his mismanagement in the past is responsible for the depleted financial condition of the country, a committee of young Turks today waited on the Sultan and demanded that he surrender half his private fortune to aid in the rehabilitation of Turkey. It is the boldest demand yet made upon the Sultan and he refused to accede to it. He promised the committee he would negotiate the loan of even a greater amount than that demanded of him, personally securing the loan with his property. This offer satisfied the young Turks.

## SENTENCES ALL OUT FOR PADDY M'GEE.

Man Has Received All on Calendar for Offenses.

### PENSION MONEY MAN'S UNDOING

Old Soldier Gets Allowance and Celebrates, Landing in Police Station. Other Inebriates Fall by the Wayside.

One more chance for Paddy McGee. That was the decree handed down by Chief of Police B. Rottler this morning as he lectured Paddy to a standstill before leaving him out. Paddy has been locked up in the police station for several days, during which time the police officer has held his case under advisement, having had it turned over to him by Burgess A. D. Solson, who ran out of sentences to impose upon him.

The Burgess was for sending him to the County Home, but Paddy will not stay there long enough to justify the costs in taking him there. Paddy was carried in off the streets a few days ago with the worst jag he had ever accumulated. Chief of Police Rottler did not want to give him admittance to the police station he said it began to look like his last spree, but there was nothing to be done with him and he was placed on one of the iron cots. For two days Paddy could not stand up and crawled about the corridor of the prison on his hands and knees. He has sufficiently recovered to get about and promises by all the Saints of Ireland to behave himself. If Paddy comes back again to soon the court will be constituted as to his future disposition and an effort will be made to place him in some institution of restraint. He is growing so weak that the police fear that he may die some night if locked up, and law police do not want any more dead prisoners.

Poor old Jack Hahn received a windfall of pension money yesterday and went the usual route. He said he had a whole bank full of money this morning and would give every cent of it to get out of the lockup, but he was held for a few hours until his condition improved.

A. B. Miller of Dunbar was released 24 hours ahead of time, as he began to show evidences of the D. T.'s. He promised to go to his home in Dunbar and get scrubbed out. Chief Rottler was also afraid of Miller's case and expressed the opinion that it would soon be necessary to employ a prison physician if things kept up like they were.

John Edwards, hostler for R. Marietta, received several donations from his employer yesterday and this morning he was broke and disgusted. His arrest was directed by a member of the family who saw him on the streets and easily noted his condition. Burgess Solson said that he would pay John's bill if he would solemnly swear to spend the day in his back yard cutting grass. He instructed the police force to keep an eye on John during the day, and if he was caught loitering on the job to bring him back to the police station for a longer sojourn.

### COUNTY'S OLDEST WOMAN DEAD

Three-quarters of a century ago she married Alexander Kerr, also a native of Scotland, who died 35 years ago. Mrs. Kerr all her life had remarkable health, never taking medicine, although she suffered occasionally from minor ailments.

## ALUMINUM COATING PLANT TO OPERATE.

New Company Names Officers and Prepares to Start Plant.

### WILL BEGIN IN THREE WEEKS.

Additional Machinery Installed in South Connellsville Works to Extend of \$10,000 and Orders on Hand Will Be Filled.

Everything is in readiness for the beginning of work at the Wilder Metal Coating and Manufacturing Company. Orders have been placed for the new machinery necessary for the increase of the amount of work to be done. The necessary working force has been hired and all of the engineering are familiar with their work. Orders have already been placed and in about three weeks work will commence in full blast.

Officers were elected at an enthusiastic meeting of the stockholders on Monday evening as follows: President, W. J. Wilder; Secretary, E. H. Kintner; Treasurer, F. A. Kall. The company was organized some time ago with a capital stock of \$75,000. Of this \$10,000 has been spent in improvements on the old Humbert property, which was bought by the company. Two new pots, making three in all, have been bought and placed in position for work. At present but one of these will be used until the company branches out in the numerous fields of aluminum coating. It is the plan of the company within a short time to start the manufacturing of all kitchen utensils, but at present nothing but the manufacture of aluminum plates will be attempted. A new machine for the manufacture of pipe was installed but will not be used for a while. A new switch from the Baltimore & Ohio railroad has been built which will greatly facilitate the transportation of the manufactured article.

W. J. Wilder, father of the scheme and the President of the company, has drawn about him some of the most skilled experts in aluminum coating in the country. Plant men will be employed at the plant as needed, but this number will necessarily have to be increased in a short time. The Wilder process, admitted to be one of the best ever invented, should not be confused with the method of electrolysis. All of the new company's work will be done by the hot rolling process. This process is the only one of its kind in the United States.

Letters of inquiry are daily being received as to when the plant will start. The main difficulty in the past has been the inability to fill rush orders and many thousands of dollars worth of business has been lost in this way. With the increased capacity it is now expected that all orders can be filled in record-breaking time. The company has a large number of orders on hand with which to start work.

### PREPARE FOR BIG CROWD.

Sports and Speeches Will Be Features of Day—Tug of War Arranged Between County Teams and Music Will Be Attractive.

Methodists in all parts of Fayette county are preparing for the big outing to be held at Shady Grove tomorrow when they will gather from one end of the county to the other at the pretty pleasure resort. The committee on arrangements has been busy for several days and the result is that a program that is bound to appeal to all has been made. There will be sports, baseball, addresses and music. The entire day will be consumed in carrying out the program arranged and the affair is being looked forward to with great anticipation.

In many instances people will meet who have not seen one another for years and the day will resolve into a sort of reunion in addition to its other features.

Many entries have been received for the athletic events, but the tug-of-war between two sides of the county promises to be one of the interesting features. The teams will be composed of 12 men. The South Fayette team will be captained by J. Vance Grant of Uniontown, while William Strawn of Dawson will be the captain of the other team.

There will be a baseball game in the morning between the All-Star team of the Uniontown Church League and Dawson at 10:30 o'clock, and in the afternoon the All-Star team of Connellsville will play the winner. The athletic events will begin at 1:30 o'clock and the speaking at 3:30. Among those who will make addresses are W. G. Vaniers of Philadelphia; A. J. Gans of Point Marion; George P. Jefferies and A. W. Dawson of Uniontown. Quartermen from Connellsville, and Uniontown will sing during the afternoon and evening.

## FILE SUIT IN EQUITY AGAINST COAL CO.

New York Trust Company Seeks to Recover Big Mortgage and Unpaid Interest.

WASHINGTON, Pa., Aug. 12.—A suit in equity involving a mortgage for \$2,000,000 given to secure bonds to that amount was filed yesterday morning by the New York Trust Company, trustees of New York, through its local solicitors, Irwin & Wiley, against C. Jutte & Company of Pittsburgh and F. M. Hoffert, formerly of Pittsburgh. The property covered by the mortgage includes several tracts of coal in the eastern section of this county. Default is alleged by the trustees in the payment of the first installment of interest due April 1, 1906, and of all subsequent installments. They start this action in equity to recover the whole amount of the bonds, and to have the amount of the bonds outstanding and unpaid under the mortgage ascertained together with the interest accrued and unpaid; to have an order of sale made of all the property subject to the mortgage. The mortgage was given on April 1, 1903, and was recorded in this county.

In September, 1907, a mortgage supplemental to the first was filed. All the \$1,600,000 bonds secured by this mortgage, the plaintiff avers, were certified and delivered to C. Jutte & Company and the bonds are outstanding and unpaid. The coal covered by the mortgage lies mostly in the East and West Pike Run townships.

Saturday Evening—Last Sewer  
Pipe Arriving—Other News Notes  
of Mill Town.

SCOTSDALE, Aug. 12.—The Scottsdale and Everson Business Men's picnic to Idlewild, with perfect weather this morning, a big crowd and everything pointing to a good time, left at 8 o'clock. It was a great day for the picnic and the picnic, and there was certainly enough to eat left town to tide the community over the day. The sale of tickets last night and today was large, as Idlewild has always been a popular place with Scottsdale, but there has been no picnic from here for some years for some reason or other. The famous old Craft band was out early this morning with their stirring martial music, and the Grand Army band appeared at the station platform in good time. There was plenty of music this morning. There will be sports at the grounds today, dancing, a concert by each of the bands and a general good time. There has been a tremendous effort going on to make the picnic a success, and it certainly is one to judge from the crowd. Members of the committee this morning modestly disclaimed credit for any measure of success, saying it was so simply because Scottsdale is patriotic.

The Fourteenth Concert.  
The fourteenth free Saturday evening concert to be given at Loucks park by the Grand Army band will be on next Saturday evening at 8 o'clock sharp, and for which the following program has been arranged by Leader J. Frank Hardy:—

### NAOMI, MINE DISASTER ECHO.

Mrs. Stryhalski Seeks \$15,000 for Death of Husband.  
A suit for \$15,000 damages was started in the Washington county courts Monday against the United Coal Company by Mrs. Sarah Stryhalski, widow of one of the victims of the Naomi mine disaster of last December. This is the first suit to be filed in that county. The mine is located near Bellevue, Fayette county, and it will be remembered that the disaster was the first of a series of three.  
As the company operates mines in Washington county, it is possible to institute proceedings there. No statement has yet been filed.

A total of 32 lives were lost in the explosion. The coroner's jury at the inquest found that the explosion was due to an explosion of gas and dust. They recommended changes in the electric wiring of the mine as well as the ventilation.

### THE MONEY STRINGENCY.

The Lesson of the Recent Panic is Plain.

During the recent money stringency many people realized for the first time the full value of having a savings account to fall back upon when work is scarce or altogether unobtainable. In some instances people whose accounts had been recently opened found it necessary to withdraw the entire amount they had on deposit. Other people, who had been saving for years, had ample funds to tide them over the business depression. The lesson of the panic is plain: A savings account in a strong bank, such as the First National of Connellsville, is the best safeguard against hard times. If your savings account was exhausted you should open a new one as soon as possible, or, if you still have an account, you should resume the habit of making regular weekly or monthly deposits. The First National pays 4 per cent. and welcomes small accounts.

### HUGE BALLOTS.

Those to Be Used in Washington County Will Resemble Blanket.

There will be eight party columns on the ballot, as follows: Republican, Democratic, Prohibition, Socialist, Labor, Independent, Populist and Majority Party. Each having Presidential tickets. There will also be a blank column for those wishing to vote for persons other than the candidates named by using stickers or writing their names in the blank space provided. There will be 340 names printed on the ballot.

The printing of the ballots will require a stack of paper. About 50,000 regular ballots will be required for the 144 precincts in the county, and about 13,000 specimen ballots.

Read The Daily Courier for all the news of the day.

### Naphtha Soaps Are Not "All Alike".

They resemble one another in only one respect—they contain naphtha.

But naphtha is not the "whole thing", even in naphtha soaps. The quality of the soap with which the naphtha is combined is just as important—more so, in fact, because it is soap, not naphtha, that CLEANS.

Naphtha loosens the dirt. Soap cleans.

Now, the naphtha in P. & G. Naphtha Soap is identical with that used in other naphtha soaps.

But the soap is not the same. It is better. It is harder. It lasts longer. It does more work. It does better work—does it easier, QUICKER.

P. & G. Naphtha Soap is white—because of the coconut oil in it. Other naphtha soaps are yellow—too much rosin in them.

"The color tells the story".

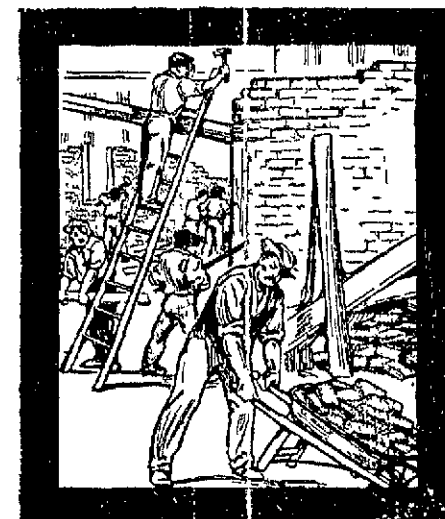

P. & G. Naphtha Soap

Ohio and several other mountain resorts near by are well patronized by Connelleville folk. At almost all the resorts there are several people from this place. There are a number of houses closed on account of the occupants being away on the annual outing to shore and mountain. Several people from Connelleville and vicinity have been spending some time along the Canadian lakes. Will Continue Concerts and Dances.  
It is the intention of the Tenth Regiment band to continue the holding of concerts and dances in the Army as was done before the annual encampment at Gettysburg, and although as yet no definite arrangements have been made, it is understood that the first of the series will be held in the near future. These dances have been enjoyable affairs and have everything in their favor. The concerts and after dances will be continued throughout the winter season.

## FIGHT AGAINST EVICTION

**Parkers, Jars and Jelly Tumblers Prove Effective Weapons.**

**Rochester, Pa., Aug. 12.**—Mrs. E. R. Dye and her fourteen-year-old daughter resisted the efforts of two constables and a half dozen deputies to enter their home. Constable Henry Jordan, armed with a landowner's warrant, attempted to eject Mrs. Dye. He found it necessary to call for reinforcements. Constable Doughty appeared and when he attempted to enter the front door a poker thrust through the glass struck him just below the eye, inflicting a cut. He got another jab with the poker on the hand and as he retreated a glass thrown from a window struck him on the head and stunned him.

Deputies tried to break in the door with a plank used as a battering ram and bricks and stones were hurled at the door and windows. This assault provoked such a shower of jars and jelly tumblers hurled with unerring aim that the minions of the law were forced to retreat. Hundreds of persons witnessed the battle.

## Protestant Alliance Protest.

**London, Aug. 12.**—The council of the Protestant alliance that raised such a storm in parliament and elsewhere at the time King Edward visited the pope is again agitated over the fact that his majesty intends ceremoniously to audience the papal legate, Cardinal Vanutelli, at the forthcoming eucharistic congress in London. The alliance has sent a memorial to Sir Edward Grey, the foreign secretary, calling attention to this projected violation of the Protestant constitution of the United Kingdom and urging that steps be taken to prevent the king from paying this compliment to Catholic prelates of America and Europe who are coming to attend the congress. Sir Edward has done nothing more than formally acknowledge the receipt of the memorial.

## Wright Flies Nearly Four Minutes.

**Le Mans, France, Aug. 12.**—Last evening Wilbur Wright of Dayton, O., made the longest and most successful flight of the series of aeroplane trials which he is conducting here, remaining in the air three minutes and forty-four seconds. The machine circled the field three times at the rate of thirty-six miles an hour. On passing the grandstand Mr. Wright gracefully descended until within speaking distance of the spectators, who wildly applauded his exhibition of mastery over the aeroplane, after which he soared like a bird to new heights and continued his flight until reaching the starting point, where he finally gently landed.

## Negro Spends Money Fast.

**Stantonville, O., Aug. 12.**—Clarence Kelly, a young negro, is in custody here after spending money lavishly for weeks while he loafed. At first he claimed the money was his savings. It finally developed he found a pocket-book containing \$770 which Mrs. Mary Nugent carried around unknown to her children and lost. When taken in custody Kelly had only \$150 left. He had loaned male friends money and spent big sums on others.

## TO AGAIN ENCOMP ON SOMERSET SITE.

General Hulings of Second Brigade Will Inspect Big Tract of Land Before Long.

If present plans are carried out the next encampment of the Second Brigade will be held at Somerset, where two encampments have already been held, and where there are grounds directly adapted for the purpose. The tract in question, consisting of 3,500 acres, will be inspected by General Hulings, Commander of the Second Brigade, who will go over it in a few days with W. A. Scott, who either owns or controls options on the land.

The aim eventually is to get the Federal government to purchase the land as a permanent camping ground for the militia. In connection with the tract, there are good railroad facilities, both the Pennsylvania and Baltimore & Ohio reaching the territory. It is a ride of about an hour and a half from Pittsburgh and all the provisions and other supplies could be easily shipped. The land is well watered and is declared by those who know it to be admirably suited for the purpose for which it is proposed to put it.

While the present intention primarily is to have it for a camp for the Western Pennsylvania troops, the land will have accommodations for an entire division. There is ample room. It is stated, for 40,000 men. The land is underlaid with the quality of coal used by the vessels of the navy. Some time ago there was talk of getting the government to buy it, but the price then asked, \$2,000,000, was considered too high. It is believed the tract could now be secured for considerably less.

## YOUR KIDNEYS

Are the most important part of you. Maybe you don't know how useful they are in the machine called your body. The old idea that a physician was good for most every ailment wasn't so far off of the way. The KIDNEYS and the LIVER have to take care of the whole business of cleansing the system—or nearly all. You have noticed that your physician almost always tells you that something is needed to not on these organs when you call him in in cases of sickness. Now the signs that these organs are not able to do their work are simple—though painful.

Backache, lame back, soreness in the back and under the shoulder blades come first. Urinary troubles are next. The urine looks as if it were reddened with brick dust, or else it assumes an unnatural clearness. Headache is another sign, and dizziness and loss of appetite with a tendency to stomach sickness after eating. These are indications of trouble in the kidneys and the liver.

CANN'S KIDNEY REMEDY has been curing these troubles for afflicted people for forty years. CANN'S KIDNEY REMEDY is guaranteed under the PURE FOOD and DRUG ACT of June 30, 1906. For sale by all druggists.

## A HARD STRUGGLE.

Many a Connelleville Citizen Finds the Struggle Hard.

With a back constantly aching. With distressing urinary disorders. Daily existence is but a struggle. No need to keep it up.

Donn's Kidney Pills will cure you. Mrs. M. J. Harpur, 502 Market St., Scottsdale, Pa., says: "My mother suffered from kidney trouble for some years, and it seems as if there was nothing that would help her. She complained a great deal of pains in her back and it was very difficult for her to get around. She also suffered from attacks of rheumatism, which caused her great annoyance. She had frequent headaches and often spots would appear before her eyes so that she was hardly able to see. Finally, hearing of Donn's Kidney Pills, she procured a box and began their use. They helped her immediately and a continued use banished the pains entirely. My daughter-in-law has also used Donn's Kidney Pills with the same good results. We think very highly of this remedy."

## COKERS MAKE NINE RUNS IN ONE INNING OFF FAIRMONT.

Fairmont encountered a severe storm in the last game of the series here yesterday afternoon, when the Cokers trampled the followers of the Water Wagon 9-1. Anyone who listened very hard about 5:15 last night heard the mighty fall of the Prohibs when they fell of the Water Wagon. Carlisle was the first one to forget the pledge and his mates followed him up in quick succession.

Up until the seventh inning the seventh inning game was one of the prettiest contests ever seen on the local diamond, but when Carlisle decided to fall by the wayside it was all off. The Babe broke the spell in the seventh after goosy eggs had been chalked up by each team. One Prohib patterned across the pan in this inning, Keener. This pitcher, who has been playing in the outfield since the opening of the season, and who caused trouble for the Smoke Town boys in Monday's game, was the whole thing yesterday. Twice he sneaked in hits when they were most needed. In this inning the lanky one led off with a single. Parker followed it up with another one, Keener taking third. Haught was on deck with a long sacrifice fly to Francis and Keener rushed home with what was generally supposed to be the winning run of the game.

Then that awful heart-breaking joyful seventh it was the first chance that Connellsville fans have had to look joyous, and they worked overtime. Dave Calhoun made himself a Presidential possibility by leaping against one for a base. Francis attempted to sacrifice and laid one down the first base line. Fisher rushed in and Parker hovered near second base and both runners were safe. Johnny Yeodt also played the latter sag and Fisher attempted to get Calhoun at third, but missed him by a block. With the bases full of blackbirds Wallace smashed one over second base, Calhoun registering the tying run. Tiffany popped up a nice Texas leaguer that was out of reach of everybody and Francis rushed across the joy pan. Sweeney also connected and Yeodt trotted home. Carlisle added a little to the slaughter by passing Cannon, forcing in Wallace. "Sumu" Price hit one to Gates, who threw him out at first. Tiffany scoring. The bases were still far into middle field and two men, Sweeney and Cannon, scored. Calhoun was walked and Francis cleaned the bases with a back-breaking triple to right. Yeodt in an effort to hunt, popped to Parker, who doubled Francis up off third. The score:

### CARLISLE TAKE TWO.

Defeat Tailenders Twice in Double Header.

UNIONTOWN, Aug. 12.—Uniontown maintained her clutch on the top round yesterday by defeating the Gratton Wanderers in two long drawn out games. Scores 7-6 and 4-1. The scoring of four runs on one hit in the tenth put the West Virginians in wrong in the first exhibition, and Haught's wildness had a great deal to do with the winning of the second game for the Grats.

With the score a tie in the ninth inning, the Grattonites landed on the mighty Abe Kruger for three runs. Everybody thought it was all over, but the Grats came to bat, tied the score and won the game by one run. The score:

First Game.	AB	R	H	E	AB	R	H	E

### CHARLOTTE GOES BACK TWO.

Clarkburg Striving for First Place.

CHARLOTTE, Aug. 12.—McCormick and Wilson were the stumbling blocks for the Charlotte Cherubs, the former winning the first game of a double header 2 to 1 and the latter copping the second 3 to 1. Umpire Gocher, indicator handler, lost his voice in the early part of the second game and gave way to players May and McAleese. Both contests were won from Charlotte by superior work in the field and at bat. The scores:

#### Baseball Babbie.

Connellsville is now securely in third hole.

Eighty-nine points separates the Cokers from the Grats, forty-one between the Cokers and the Charlotte Cherubs.

Lawton is getting famous for his wild heaves. Judy will catch this afternoon for the Gratton Wanderers and his friends will turn out in force.

Jimmy Gmear, with Clarkburg last year in the West Penn, and with Albi Montgomery's Waynesburg team in the P. O. M. two years ago, played in the outfield yesterday for Gratton and connected in each game. He had but one chance in the field.

That seventh inning yesterday was a long drawn out affair. If Francis had not been doubled up off third there is no telling when the Cokers would have stopped. As it was a league record was made for the largest number of runs made in one inning.

Carlisle stayed in the box throughout the slaughter yesterday. The seventh was the only inning that the Cokers could do anything with him.

"Lefty" Core gave an exhibition of throwing when he threw the sphere from deep left field to the grand stand on a fly in the eighth inning.

Uniontown and Clarkburg both won two games yesterday. The bats for first place will again be on the way. The Grats have a lead of 13 points for first honors.

In the ninth after Haught had hit for three bases, Gates hit a long fly to Cushman. Haught, needless to say, did not attempt to score.

The one run looked as big as a mountain for a time, but the Cokers got their war clubs working and it was all off.
